

MaGyverMIRE - On DND

(Phone ringing)

{Woman speaking}

Yeah hmmm

I'm justâ€¦ I don't know what I'm about to say

But I guess I just want to let you know

That I miss you

{Hook}

Yeah they live in pride for the money x4

They live in pride for the fame

They live in pride for the shame

They live in pride for the hate

{Verse 1}

You can hear how Kxxdo made this beat, blood

And my voice just happened to be

The type of the shit that I'm on

I'm still riding with my bros

Competition is heavy like

Are you stirring in my lane?

You're a counterfeit in shame

Baby don't please too much

I've been riding with Jesus

Justice is healing

You can't hurt my feelings, blood

{Hook}

Yeah they live in pride for the money x4

They live in pride for the fame

They live in pride for the shame

They live in pride for the hate

{Verse 2}

Everyday is like I'm winning, no price tags

Ill never sell my fucken soul for a price tag

Baby tonight

Long ride, Champagne on us

Baby, we be styling tonight

Forget about the hate

They know I'm where I'm at

Shawty, I won't stop tonight

Police came and he asking what's my problem

â€œNah, sir they just hating on me, like fuckâ€•

{Woman speaking}

I can't believe that I'm really sitting here at 3am in the morning

Sending you a voice recording or whatever it is

Or voicemail

This is so not me but I really miss you

I do
