

Dayglow - Every Little Thing I Say I Do

{verse 1}

**Oh don't you know that in my life
I get up so high, just to get insecure
And it's always been
Been all the same things since
I took that medicine
I'm counting up every score**

{chorus}

**Yet every little thing i say i do
Every little thing i say i do
Every little thing i say i do
I do it all for you
And every little word i say i mean
Every little word i say i mean
Every little word i say i mean
I mean it completely**

{verse 2}

**Alright, sometimes i get up at night
To totalize every answer
Of every thought in your mind, it's not nice
And sometimes, i'm so overwhelmingly
Caught in a dichotomy
Who woulda said it? what i really mean
'cause it seems to me that**

{chorus}

**Every little thing i say i do
Every little thing i say i do
Every little thing i say i do
I do it all for you**

**And every little word i say i mean
Every little word i say i mean
Every little word i say i mean
I mean it completely, woo!**

{bridge}

**I get so down, down on myself
I get so do-o-own**

{chorus}

**Yet, every little thing i say i do
Every little thing i say i do-do-do-do-do, yeah!
Every little thing i say i do
I do it all, i do it all, i do it
Every little word i say i mean
Every little word i say i mean
Every little word i say i mean
I mean it completely**

{post-chorus}

**I do it all, i do it all for you
And every little thing i say that i do
I do it all, i do it all, i do it all, i do it all
I do it all for you**
