

City Sleeps - Blue Velvet

**Tell me if you've seen it
Don't Fucking say it unless you mean it
And I want all the drugs that
You can pull out of the magic hat, oh no**

**Blue
Blue
Blue
Blue velvet oh
Blue
Blue
Blue Velvet, baby oh**

**Please don't kiss me goodbye
I've never had a dream where I could fly**

**And my heart she had to melt it
Who else would it have been but Blue Velvet?
And I want all of the girls that
Are just as evil, evil as I am, baby whoa**

**Blue
Blue
Blue
Blue velvet oh
Blue
Blue
Blue Velvet. baby oh
Please don't kiss me goodbye
I've never had a dream where I can fly
Blue Velvet**

Oh, oh, oh
Blue Velvet

Please don't kiss me goodbye
I've never had a dream where I can fly
Please don't kiss me goodbye
I've never had a dream where I can fly

Oh, oh, oh
Blue Velvet
