

City Sleeps - Show Me Your Spine

I can't believe the way you look

I want to take your picture and put you down into my book

Don't want you touching no one else (nobody)

I can't stop staring at you and I can't stop touching myself

Show!

Show, me show me, show me

Show!

Show, me show me, show me, show

Ah, no

Show me your spine

Show me, show me, show me, show

Ah, no

Show me your spine

Show me, show me, show me, show

I want to give you my address

You'll come on over and we'll shake until there's nothing left

There's nothing else they need be said (like nothing)

I won't stop at anything until you lay down into my bed

Show!

Show, me show me, show me

Show!

Show, me show me, show me, show

Ah, no

Show me your spine

Show me, show me, show me, show
