

KEMVR - WATCH YA MOUF

{Hook}

Let's go, okay

I can't stand all of the run around

Did all that talking but you never done it, now (yeah)

I got to pop it because it's getting funny (huh)

God made a way, but we just complain

And we stay the same

Now isn't that something

Watch what you say because you will make it plain

That you don't want change

And walk out with nothing

Watch your mouth (uh)

Watch your mouth (uh)

Watch your mouth (uh)

Watch your mouth (uh)

Watch your mouth (uh)

Watch your mouth (uh)

Watch your mouth (uh)

Watch your mouth (uh)

{Verse 2}

I remember my people on EBT

We had to bootleg the DVDs

Working for everything

I already knew it would never come easily

Even the VVVs on the neck on all of the people that try to flex on me, huh

But the money phone weak

It's just a money loan, like sheesh

I cannot watch the enemy (yeah)

I cannot talk the way that they talk

Because they just want the death of me (facts)

Our words got some power

We lit for hours

So we gon' pop eventually (bow)

I put that on God because he sit on top

You cannot stop what's heavenly (naw)

No, you cannot stop what's heavenly (uh)
