

odihu - My life is getting rough

{Intro}

**I saw your text said I never was enough
I really hate how you treat me like a dog**

{Verse}

**I saw your text said I never was enough
I really hate how you treat me like a dog
Make me feel worthless I'm really really stuck
Might kill myself cause my life is getting rough
Tear me down break me to ashes
I don't even know what happened
They're all staring, they're all laughing
Really soon I'll end up passing**

{Instrumental Bridge}

{Outro}

**I saw your text said I never was enough
I really hate how you treat me like a dog
Make me feel worthless I'm really really stuck
Might kill myself cause my life is getting rough
Tear me down break me to ashes
I don't even know what happened**
