

Paula DeAnda - For the Night

{Verse 1}

**Help me take this off
Wanna show you a part of me
I've been keeping a secret
But if you can keep it
Then, I'll let down my guard
Gotta crazy connection, there's no need
To question the feeling
I wanna go deep, baby**

{Pre-Chorus 1}

**If you take a dive, can you make it splash
If you lay it down, I'ma throw it right back
Goin' round two, I'ma put it on you
Mirrors on the ceiling catch a bird's eye view
Tell me what you feeling when I move like that
Ass up, face down, griping on my waist now
Know I love it when you keeping up the pace
But I don't wanna race, no, no (I'ma take my time)**

{Chorus}

**'Cause I really wanna love you bad
You know you wanna catch this vibe
Feeling wavy, hazy
Let's go crazy for the night
'Cause I wanna see what it's like
You know I'm gon' get you high
Feeling wavy, hazy
We can go crazy for the night**

{Verse 2}

Let's go loco, baby, 'round, toppin' now

Like a lo-lo, baby, watch me while I do it
In slow mo, baby, saucin' on you
Got the mojo, baby, catch that drip, boy
Don't you waste it, can't get enough
Know you love the taste, yeah
My body, your body
Aye, papi, don't you know you got me

{Pre-Chorus 2}

All up in my feelings when you do me like that
Let's make a movie, hit the playback
Cut, take two, I'ma zoom in on you
Lights, camera, action, don't miss your cue
We can switch roles, wanna see your point of view
Wanna big plot twist, I'ma throw you off script
I can make it disappear, you know I got tricks
But, first, let's go slow (I'ma take my time)

{Chorus}

'Cause I really wanna love you bad
You know you wanna catch this vibe
Feeling wavy, hazy
Let's go crazy for the night
'Cause I wanna see what it's like
You know I'm gon' get you high
Feeling wavy, hazy
We can go crazy for the night

{Bridge}

Crazy for the night, we can go
Crazy for the night
Crazy for the night, we can go
We can go crazy for the night
Crazy for the night, crazy for

We can go crazy for the night
We can go, we can go
Crazy for the night, yeah (I'ma take my time)

{Chorus}

'Cause I really wanna love you bad (Oh, oh)
You know you wanna catch this vibe (Oh)
Feeling wavy, hazy (Hazy)
Let's go crazy for the night (For the night)
'Cause I wanna see what it's like (Oh)
You know I'm gon' get you high (Oh)
Feeling wavy, hazy (Hazy)
We can go crazy for the night

{Outro}

We can go crazy for the night
We can go crazy for the night
