

Gothic Psychology - Hospital Rooms

(Verse 1)

**White tiles, not worth while
Full & gray I see you here
But I can't feel the air
I can't climb the stairs**

(Pre chorus)

**What are we coming to?
What are we gonna do?**

(Chorus)

**You're alive
You're alive
Feel revived
You're alive**

(Verse 2)

**No sound, but the machine
Green peaks on the LCD
A pale green robe on
Up from dusk to dawn**

(Pre chorus)

**I can feel this situation
Like the song of a new nation**

(Chorus)

**You're alive
You're alive
Feel revived
You're alive**

(BridgÐµ)

4 times is much too much

When you're just that young

Black tar pits and such

But for you it's been sung

(PrÐµ chorus)

These words have been sung

They get tangled on my tongue

(Chorus)

You're alive

You're alive

Feel revived

You're alive

You're alive

You're alive

Feel revived

You're alive
