

JamWayne - Been Did It

{verse 1}

Alcoholic, yup, fillin' up my cup

Problematic, yup

What's up, what's up, what's up

Been an addict, yup

Addicted to the drugs

Ravage savage in the streets

Like 'bout to run up on the plug

Like i ain't got a pot to piss in

Pockets empty as my stomach

'bout to do the kind of dirt

That make you sick about to vomit

I'll be quick to get up on it

Pistol whippin' up your omelette

Wet you up and send your spirit

Through the sky like haley's comet

Beefin' i won't even comment

Pull up knockin' off your bonnet

Bama boots on in the mud and dirty

I ain't scared to run it

Break a promise and dishonest

Gone and probably never holla

Slay and slaughter for a profit

Anything to make a dollar

{chorus 4x}

What's you goin' through

I probably been did it, been did it

{verse 2}

Not a killer, well

I won't talk about that

End up sayin' somethin'
Have thĐµ federales at thĐµ cabin
Snoopin' 'round and lookin' in
Just when things was lookin' up
They say karma is a bitch
And i know she like to fuck
Notice i ain't in my truck
Lookin' hobo when i walkin'
Ain't nobody pick me up
So it's thanks for nothin' partner
Carpenter and brick my son
Plumber, pickin' up the garbage
Electrician gettin' shocked
Handy man at your apartment
I don't like me if i'm honest
No one like me that i promise
Be unique and freaky sneaky woolly booger in the forest
Horror show and horrible
Heartless like "the hateful eight"
All my bills are overlappin'
I ain't got no way to pay

{chorus 4x}

{verse 3}

Gettin' wasted, yup
Okay, not today
Okay, fuck it yeah i know me i'm gon' do it anyway
Buckin' fifty and yet stupid with it
Mind be in the race
Took the soc exam and made a zero certified insane
Full of lies and that cocaine
Gettin' high to ease the pain
Now i'm playin' i'll be high

And drinkin' cuz i like the taste
Get to shakin' if i ain't
Barely achin' with a pain
Barely hangin' onto life
Like feel like blowin' out my brains
Goin' through withdraws and wonderin'
How long it's gonna take
If i can make it through this shit
Then i can take on anything
Put a cape on in the rain hero
And i know jesus saved
Cuz without that i might be in the dirt
And pushin' up some daises

{chorus 4x}
