

Gotham City Syndicatez - Strips Us Bare

{Verse 1}

**Underneath the bat cave, Gotham's knight is gay
A filthy jew-lover orphan looking for some kids to prey
You came to me in a dream
Everyone is not as they seem
You touched me, then I scream
I think we know your little scheme**

**Underneath the bat cave, Gotham's knight is gay
A filthy jew-lover orphan looking for some kids to prey
You came to me in a dream
Everyone is not as they seem
You touched me, then I scream
I think we know your little scheme**

{Pre-Chorus}

**Go on and tell us how it seems
Is this all a part of your dreams?**

{Chorus}

**In Gotham's wasteland, where all hope dies
The worlds collapsing beneath blood red skies
I'm drowning deep in the sea of despair
The reverend king, he strips us bare**
