

Merlin Q - Love's Beautiful

**I see you smiling, it's beautiful
I watch you talking, it's beautiful
I love to lay with you at night
It makes life good, it makes life right
Give love a chance, and you will see
Love's beautiful**

**And when you touch me, it's beautiful
And call me sweet things, that's beautiful
If love's a dream, then I sleep on
Deep in your arms, 'till life is gone
Give love a chance, and you will see
Love's beautiful**

**I count the minutes until we're together
They seem like hours and yours or years
I need you so much, I need you to touch**

**Ba ba ba ba ba ba ba, badada, badada
Ba ba ba ba ba ba ba, badada, badada
Ba ba ba ba (Ba ba ba ba)(Ba ba ba)
Ba, badada, badada**

**I see you smiling, it's beautiful
I watch you talking, it's beautiful
I love to lay with you at night
It makes life good, it makes life right
Give love a chance, and you will see
Love's beautiful
Love's beautiful
Love's beautiful**
