

Key Notez - Broken Vows

Key Notez, it's my life, my world, my show

You can have the house, you can have the cars

If that's who you are. I love you from afar

Did you ever love me? Cause I was in your wedding

Did you ever want me? Or were you just kidding

25 years, I done wasted all on you

Kids all grown, now I know just what to do

Divorce all done, now I'm feeling all brand new

That might be a lie cause my brain don't know what's true

You're with another person, deep down yes I'm hurting

Did you find a better version? I don't think that it's worth it

You were outside while I was at work

My homiĐµs got footage of you, dropping that thing with a smirk

The reason you criĐµd when you were a bride

Deep down you knew your soul wasn't right

How do you sleep on pillows at night

Demons they haunting you got you on site

25 years, I done wasted all on you

Kids all grown, now I know just what to do

Divorce all done, now I'm feeling all brand new

That might be a lie cause my brain don't know what's true

25 years, I done wasted all on you

Kids all grown, now I know just what to do

Divorce all done, now I'm feeling all brand new

That might be a lie cause my brain don't know what's true
