

Skiddelz - K-Drake

{Intro}

I'm gonna get lots of hate for this

Ok, so... Drake & Kendrick Lamar are dissing each other now

Well, guess what? ...I want in

So I'm dissing both of them!

{Verse 1}

First off, Drake, you the 6 God they say

But your rhymes getting tired, same old replay

Started from the bottom, now you're still there

While Kendrick's at the top, got the throne to spare

{Verse 1}

K-Dot, you ain't innocent, you in this too

Actin' like you king, but we see through you

Claimin' you the greatest, with your humble bars

But it's time to face facts, you ain't reachin' Mars

{Verse 2}

Drake, you be dancin' in the vidēpos, makin' moves

But your lyrics ain't hittin', soundin' like old news

Got ghostwritērs on deck, playin' pretend

But when it comes to real rap, you just pretend

{Verse 3}

Kendrick, you preachin' like a prophet, so they say

But your ego's so big, it's in the Milky Way

Dissin' other rappers, thinkin' you the savior

But your rhymes lack flavor, need a little behavior

{Verse 4}

So here's the truth, I'm callin' out the bluff

**Both of y'all actin' tough, but ain't smooth enough
Step up your game, or step out the way
'Cause in this rap game, only the real ones stay**

{Outro}

**Now, sit back, relax, take a listen to this track
Drake and Kendrick, y'all ain't ready for the comeback
I'm the one they callin', the mic I'm steady holdin'
Disrespectin' both of y'all, this ain't just golden, it's platinum**
