

Bruce Hibbard - Hem of His Garment

**There was a woman who suffered for many a year
All her faith was depleted, no shadow of hope
Until her eyes fell on Jesus to His side, she drew near
And these words, she tenderly spoke**

**"If I can touch just the hem of His garment
Then I know I shall be made whole"
Then by faith, she reached out and touched Him that day
From that moment, she was made whole**

**She said, "If I can touch just the hem of His garment
Then I know I shall be made whole"
Then by faith, she reached out and touched Him that day
From that moment, she was made whole**

**If I can feel Your side where they pierced You
If only I can see it was all for me
Then I'll lift my hands to receive and only believe
Every promise He made is waiting for me**
