

## **DaVan Official - All Alone**

**{Verse 1}**

**I'm left all alone again  
Pray that the Lord will heal my sins  
I know my love for you was a fib  
Drowning in my abyss, I can't swim  
Feeling like a dolphin without a fin  
Feeling too stressed, so I pop a Xan  
Never ever leave forever land  
Feeling too high, I'll never land  
Didn't know your girl was a fan  
I can get her hot and wet, she need a fan  
Took her out to L.A. to catch a tan  
Fly her back to N.Y. to meet DaVan  
Trips on Molly, they never end  
Continuous fighting, it never ends  
If you shoot me, I'll shoot you back  
Straight young killer with a rack**

**Oooooooooohhhhhhhh**

**{Verse 2}**

**Back to life, I live again  
Feel like I've died 20 times again  
OD on fentanyl, it's not pretend  
Where the Xans at, I need a ten  
Fuck a thicc bitch, yeah, she a ten  
Always thanking God I win, amen  
Sign my life away? Yeah, where's the pen  
Demons trying to talk to me, they're not my friends  
Speaking of friends, I have none  
Smoking on the gas till it's in the aroma**

**Smoking on the gas till I'm in a coma
