

DaVan Official - Lonely Road

{Hook: DaVan Official}

No

Don't let me go

I'm on my own

As I walk through this lonely road

I get a feeling that holds me close

And I don't know what to do

But I'll stay on the road

I'll stay on the road

{Verse: DaVan Official}

Real friends, fake friends come and go

Baby, I will hold you close

No matter the weather

I'll hold you close

I know my baby's scared for me

Mental overload

Self-destructing mental overload

Turn to an overdose

Please don't go ghost

Let's not go there

{Hook: DaVan Official & Acee}

No

Don't let me go

I'm on my own

As I walk through this lonely road

I get a feeling that holds me close

And I don't know what to do

But I'll stay on the road

I'll stay on the road

{Verse: Acee}

I'm on the road

I'm speeding too a home

Been thinking about you, baby

I just wanna hold you close

And I still reminisce about the times we used to joke

A blessing in disguise, you was a seed, now you a rose

And I'm in love with you

Cause you ain't like none of them hoes

You're pretty with no makeup and look flawless in some gold

I wanna live this life with you no matter how it goes

Baby, I'll ride you out the journey till I'm full

Singing na-na, ooh, baby

And lil' baby, I'ma ride till the wheels gon' fade

I'ma take you nationwide to the hills and the lakes

Acee is always by your side and I'm here to stay

Pass it to the gang
