

DaVan Official - In The Mix

{Intro}

This song's some Pokemon-type shit

I'm here with my boy D

Yurr

You know the vibes

{Hook}

My heart in a mix

Pall up with a stick

I'm gon' let it hit

Every day I'm lit

Life is so fast

Had to stop and take a pic

Diamonds on my toilet

I get rich and take a shit

My heart in a mix

Pull Up with a stick

I'm gon' let it hit

Every day I'm lit

Life is so fast

Had to stop and take a pic

Diamonds on my toilet

I get rich and take a shit

My heart in a mix

Pull up with a stick

I'm gon' let it hit

Every day I'm lit

Life is so fast

Had to stop and take a pic

Diamonds on my toilet

I get rich and take a shit

{Verse}

I'm in NY

With my lady

Smoking that KK

Getting so high that I can't see straight

Look in the mirror I see two faces

All white on me

But I'm not racist

Pull up on a man

AK spraying it

Presidential rollie

No Sarah Palin

Keep it on me

I know I'm not safe

Pistol toting out in broad day

If you need it then we serve it like an entree

You can catch me pouring codeine in my Minute Maid

So dirty now I need a Minute Maid

Smoke too much gelato

Cash in my chips like I'm at the lotto

Pockets so fat looking like Latto

Hollow tips turn your brain to some jello

Knock at your door like hello

Run up on me and I'll get your ass a halo

{Pre-Chorus}

Shout out to my boy Kevin he got a Draco

Run up on me and we'll give your ass a halo

Chop a same like Draco

Hit you like mashed potatoes

My heart in a mix yeah

Don't fuck with that shit

{Hook}
