

Kuh Ledesma - Save the Sunlight

{Verse 1}

**Doesn't it make you feel like
Trying to save the sunlight
Surely you feel the way we do
I'm not gonna last forever
With blue skies and sunny weather
The problem is up to me and you
We shouldn't be so careless
Just think of the things we cherish
Just think of them all gone away**

{Chorus}

**Now doesn't that make you feel like
Trying to save the sunlight?
Doesn't it make you stop and think?**

{Instrumental Break}

{Verse 2}

**Picture without a warning
Rain on a Sunday morning
Just think of the way it brings you down
Now think of the rainbow shining
Someone who loves you smiling
Happy the sun came back around**

{Chorus}

**Now doesn't that make you feel like
Trying to save the sunlight?
Doesn't that make you stop and think?**

{Bridge}

La-la-la-la-la-la

La-la-la-la-la-la

Doesn't it make you stop and think?

Doesn't it make you stop and think?

Now doesn't it make you stop and think?

{Outro}

Doesn't it make you stop and think?
