

Bruce Hibbard - Lord Bless This Day

Lord, bless this day

So that i might show someone the way to salvation

And, lord, bless this day

So that by your love, they can say: lord, i know you

All these things i ask this day

So that i might show someone the way to salvation

I don't ask for wealth untold

But from you, oh lord, a crown of gold that's forever

Lord, bless this day

So that i might show someone the way to salvation

And, lord, bless this day

So that by your love, they can say: lord, i know you

All these things i ask this day

So that i might show someone the way to salvation

I don't ask for wealth untold

But from you, oh lord, a crown of gold that's forever and ever

Lord, oh lord, this i pray today

That you might find me worthy, lord

To hear my prayer, 'cause it's all i got to say

Lord, bless this day

So that i might show someone the way to salvation

And, lord, bless this day

So that by your love, they can say: lord, i know you

Lord, bless this day
