

Ella Aiko - Puppy Dog

{Verse 1}

**Watch you begging with those wide somber eyes
Not to leave u lonely to sit there and cry as if I didn't you chances
Can't teach you how to grow if you're stagnant
Nothing ever change while the times passing but you**

{Chorus}

**Remind me of a puppy dog
Think you are fierce and mighty
But inside you're so damn soft
Got good intentions
But you're using disproportionate paws
No leash, trust that you're trained
But do you even have a cause?**

{Verse 2}

**I could never blame you for being naive acting clueless
Don't know what you're doing to me
I'll never mold you to something you're not
You're already taking all that I got**

{Chorus}

**Remind me of a puppy dog
Think you are fierce and mighty
But inside you're so damn soft
Got good intentions
But you're using disproportionate paws
No leash, trust that you're trained
But do you even have a cause**

{Bridge}

It's getting rough (like ruff)

Playing fetch with my heart

You stay so aloof

Always chase the bone (lol)

Sniff for a treat

No matter what you do

Floppy ears don't listen

So I know now

That I gotta leave you

I didn't say it's easy

I didn't say it's easy

{Chorus}

Remind me of a puppy dog

Think you are fierce and mighty

But inside you're so damn soft

Got good intentions

But you're using disproportionate paws

No leash, trust that you're trained

But do you even have a cause?
