

## **Will Stetson - Rabbit Hole**

**{Intro}**

**Do you really wanna die as a virgin boy?**

**{Refrain}**

**Blah, blah, blah, blah, blah, blah, blah, love**

**Blah, blah, blah, blah, blah, blah, blah, love**

**Blah, blah, blah, blah, blah, blah, blah, love**

**Blah, blah, blah, blah, blah, blah, blah, love**

**{Verse}**

**Loving and liking, they're just one and the same, same**

**You're not that special, I'm just playin' the game, game**

**"Hey, I'm sorry"**

**Is that really what you wanna hear me say? No way**

**Don't get all stressed and depressed over this, okay-kay-kay? (Uh)**

**Stop, don't you know never wanting any more is rule number one? (I told you)**

**Right from the start not to give it any heart, it's only for fun (How could you?)**

**Mr. Commitment**

**You can find the exit over to the right (Oh my)**

**ArĐµ you really staying for the night?**

**Hop, step, and onĐµ more chance**

**{Chorus}**

**So, if it's appeal, keep it real, baby, shake that**

**Pop in a feel and keep goin' like that**

**Don't be a creep, that's some weird jealousy**

**You thirsty for me? Could you stop being cringy?**

**If you really want some, if you're gettin' lonely**

**Baby, get lucky, baby, get lucky**

**Hated to love, but it only gave me life**

Are you really gonna die as a virgin boy?  
If it's appeal, keep it real, baby, shake that  
Down with the feels, with a face screaming down bad?  
"Love you?" I don't, gross, I'm goin' limp  
Are you out of your mind? Ugh, you're such a simp, ah  
If you really want some, if you're gettin' lonely  
Baby, get lucky, baby, get lucky  
I fell in love, and it made me such a bore  
So, I'm gonna do my own thing and you do yours  
Alright? (Sure)

{Refrain}

Blah, blah, blah, blah, blah, blah, love  
Blah, blah, blah, blah, blah, blah, love  
Blah, blah, blah, blah, blah, blah, love  
Blah, blah, blah, blah, blah, blah, love

{Bridge}

Burstin' rubber, we're instant lovers  
And under the covers, we smother each other and \*\*\*\*  
It's no dilemma, come, dear, you gotta  
'Cause once you recover, we'll go for another  
This vampire's a talented sucker  
Burstin' rubber, we're instant lovers  
And under the covers, we smother each other and \*\*\*\*  
It's no dilemma, come, dear, you gotta  
'Cause once you recover, we'll go for another  
This vampire's a talented sucker, right? (Hehe)  
And one more chance

{Chorus}

So, if it's appeal, keep it real, baby, shake that  
Pop in a feel and keep goin' like that  
Don't be a creep, that's some weird jealousy

**You thirsty for me? Could you stop being cringy?  
If you really want some, if you're gettin' lonely  
Baby, get lucky, baby, get lucky  
Hated to love, but it only gave me life  
Are you really gonna die like a virgin boy?  
If it's appeal, keep it real, baby, shake that  
Down with the feels, with a face screaming down bad?  
"Love you?" I don't, gross, I'm goin' limp  
Are you out of your mind? Ugh, you're such a simp, ah  
If you really want some, if you're gettin' lonely  
Baby, get lucky, baby, get lucky  
I fell in love, and it made me such a bore  
So, I'm gonna do my own thing and you do yours  
{Post-Chorus}  
Oh, if it's appeal, keep it real, baby, shake that  
How many years has it been since I felt likeâ€”?  
Sorry to call you a creep, that's on me  
I'm thirsty for love, but I'm downin' a beer, like  
If you really want some, if you're gettin' lonely  
Baby, get lucky, baby, get lucky  
I fell in love, and I wanted something more  
So, I'm gonna do my own thing and you do yours  
Okay? (Sure)**

**{Outro}**

**My, my, my, you're just a little freak (Like I thought)  
Why, why, why, you're just the same as me (Oh my god)  
Right, right, right, it's time to start the show  
Once more, deeper into this rabbit hole, we go  
My, my, my, you're just a little freak (Like I thought)  
Why, why, why, you're just the same as me (Oh my god)  
Right, right, right, it's time to start the show  
Once more, deeper into this rabbit hole, we go (So gross)**
