

odihu - why is everyone so mean

**They say pain makes you stronger
But i can't take it longer
Crashing like helicopter (kobe)
Guess ill start acting softer
I cannot fucking breathe
Stop making fun of me
Whys everyone so mean
Myself i might delete
Your love is all i need
Im begging on my knees
Baby please dont fucking leave
So many scars on my sleeve
They say pain makes you stronger
But i can't take it longer
Crashing like helicopter (kobe)
Guess ill start acting softer
I cannot fucking breathe
Stop making fun of me
Whys everyone so mean
Myself i might delete
Your love is all i need
Im begging on my knees
Baby please dont fucking leave**

**Put my face into my palms
I think i'm trying too hard
Writing tallies on my walls
I'm just waiting for my part
Scribble my name out
Oh oh**

I can feel ur doubt

Oh oh oh

Nothing ever goes my way

I don't really wanna change

Out of luck i hate today

Leave me crying in the rain

I just made a mistake

In the mirror there's hate

I just made a mistake

Why does she count on me
