

Hellg7rl - Everyday is the same

{Intro}

I been high now, everyday

Wanna go somewhere far away

{Verse 1}

I been high now, everyday

I wanna go somewhere far away

Take my life and take my heart

Take it all, tear me apart

Break me once and break me twice

Think the third time should suffice

Mind deranged, heart cold as ice

Everyday is the same damn thing

All these fucking thoughts, make 'em go away

You tell me that you feel me, ain't on the same page

I hate myself and wanna die like Kurt Cobain

{Chorus}

Cobain...

There's no way...

I hate me

I ain't going nowhere

I ain't going nowhere...

I'm stayin' right here

I'm stayin' right here

{Verse 2}

I been high now, everyday

I wanna go somewhere far away

Take my life and take my heart

Take it all, tear me apart

Break me once and break me twice

Think the third time should suffice
Mind deranged, heart cold as ice
Everyday is the same damn thing
All these fucking thoughts, make 'em go away
You tell me that you feel me, ain't on the same page
I hate myself and wanna die like Kurt Cobain

{Outro}
Cobain...
