

## **Rafolino - Exile**

**I am here alone**

**In my place**

**Without a talk**

**Without a touch**

**Nobody to talk to me**

**No one to notice me**

**These four walls are my company**

**I'm not here because I want to**

**I am exiled because this was imposed to me**

**I feel so sad**

**I feel so alone**

**I feel so scared**

**I feel so exiled**

**Day after day I feel so exiled**

**Day after day I am so exiled**

**I never asked for sadness**

**I was exiled against my will**

**It is irreparable all the damage**

**I have had in this life**

**Many senses have been lost**

**And this exile made my life worse**

**Exile, exile**

**Why are you here?**

**I never asked for you to be here**

**It's like being inside of a secret**

**It's like being in a jail**

**There's nothing else to say**

**There's nobody else to call**

**Day after day**

**I have to pay for something that I never did**

**It's this slave system making me have to suffer**

**I'm so exiled alone here**

**My childhood is no more here**

**I feel so sad with my inner tears**

**It's a great torture being thrown in the corner**

**Without attention and not being able to live**

**Exile came without me asking for it**

**It hurts to be in the dark being treated like a leper**

**I am a human being**

**For what my parents did to me, to help me**

**The world was so cruel to me**

**It is exile**

**Exile**

**Exiled it's what I am**

**Exiled it's who I am**

**It's a sad life**

**I am exiled**

**What else could I do now?**

**What else could I say?**

**There's no enough laws**

**The federal constitution doesn't have enough strength to help me**

**It's been only**

**These four walls**

**It's been so sad**

**To have to fall**

**I'm tired of being so mistreated**

**I'm so tired of being misunderstood**

**Nobody else could understand me**

**I can't believe anyone else**

**The exile taught me**

**I could never believe in people anymore**

**All I have now it's my music**

**All I have now are my melodies**

**This is like being beaten daily**

**It's so disappointing to have a limit depending on who the person is**
