**Those drugs you take
Take the pain away
You give the pain to me
'Cuz everyone hate me
Yeah, I hate me too
It ain't nothin' new
You take this xans to get away from land**

{Chorus}

**I hate my life but I hate you too
Didn't expect to get away from you
I hate my life but I hate you too
Commit suicide, that's what I'm gonna do
I hate my life but I hate you too
So fuck your friends and your family too
But most of my anger
Yeah, it come from you
Mess with my mind and I'll break your heart**
