

## **Hellg7rl - He's Not Listening Anymore**

**Numb all the pain**

**Smoke some blunts, I may**

**Won't listen to what you say**

**Can't lie, I feel betrayed**

**So tear my heart apart in two**

**Now in my mind, what you see is you**

**And I just hope you come back to me**

**And I just wanna be with you**

**So tear my heart apart in two**

**Now in my mind, what you see is you**

**And I just hope you come back to me**

**And I just wanna be with you**
