

Poi Dog Pondering - Do It Your Own Way

{Chorus}

I'm missing a feeling in my heart
I think it's time for a brand new start
A brand new start
I'm not afraid to start over
I am no stranger to manual labor
I feel all right

{Verse 1}

Well alright
Right on
Take your time
Do it your own way
Stand up
Speak your mind
Follow your heart
Try to be kind

{Verse 2}

Be yourself
It's okay
There's only one like you
In this whole world
Take your time
Find your place
Be true to your heart
Do it your own way, yeah
{Instrumental Break}

{Chorus}

I got a feeling in my heart

**I think it's time for a brand new start
A brand new start
I got a feeling in my heart
Like I can spark a brand new start
Yeah, I feel all right**

{Verse 1}

**Well alright
Right on
Take your time
Do it your own way
Stand up
Speak your mind
Follow your heart
Try to be kind**

{Verse 2}

**Be yourself
It's okay
There's only one like you
In this whole world
Take your time
Find your place
Be true to your heart
Do it your own way**

{Chorus}

**I got a feeling in my heart
Like I can spark a brand new start
I feel all right**
