

Craig Scissorhands - HUFFING AN OPEN STOMACH TO VIOLENT

Die bitch die bitch die

I dont wanna fuckin

Die bitch die bitch

Get out my head get out my head

Die bitch die bitch die

I dont wanna fuckin

Die bitch die bitch

Get out my head get out my head

Im a paranoid schizofrenic fuckin freak

I love huffing spraypaint

I can't wait till my lungs leak

I abuse my psyche

Until i see things and i tweak

I dont wanna die

So ive been awake for a week

Dragged by the fuckin neck

To a seperate plane

Split her stomach and i huff the fuckin wound

With zero shame

Shes not able to resist

If she has no fuckin brain

Surgically remove with gauze

Inhale deeply where shes maimed

Huff it down huff it down huff it down bitch boy

Huff it down huff it down huff it down bitch boy

Huff the body then i get behind the wheel

140 on the dash its not real

Hear the cop sirens but its not real

Hang the glock out the window its not rea-
