

## **Gotham City Syndicatez - Drugs**

**{Verse}**

**Drug fueled impotent rage  
Locked in a mental cage  
Straining deep, an air of despair  
Batman sitting, worse for wear  
Chocolate oceans under the sky  
Twisting rivers, flowing by  
Batman smirks with sniggers and grins  
Delighted by his amorous sins**

**{Chorus}**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**

**{Verse}**

**Snickle, snaggle, snickle box  
Lockin' children, powĐµr locks  
Foolin' round with door knob socks  
Spreading round that monkey pox  
I don't really wanna ask  
Who's thĐµ man behind that mask  
Doing such a horrid task  
Givin' these boys lots of lask**

**{Chorus}**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**

**{Bridge}**

**Let me mesmerize and blind  
The pedophile's fucked up mind  
Who let all the doors close behind  
As children screamed, all confined  
I don't like your kind, I don't like your mind  
All you've done is enshrined and steeply declined, a rebind of man, so refined  
Unfairly maligned, and hardly aligned, with values intertwined in your majesty's mastermind**

**Let's slow it down, and lyrically drown  
This dumbass clown, wearing Gotham's crown  
Disgracing this town, with his gay lil gown  
I wanna frown, cause it's all falling down  
An empire of noun, ruined all around (ruined all around, ruined all around)**

**{Pre-Chorus}**

**Batman all we ask is for you to go  
Cause I don't think you really know  
How loathed you are in this place  
We really don't wanna see your face**

**{Chorus}**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**

**Giving children drugs, try not to  
Maybe also don't rape 'em too  
For most people, they can get this clue  
But Batman though, can't get it through**
