

Scavenger - Tip of the Iceberg

{verse}

Where am i heading, i got no idea

Opened my eyes as i've lived out my years

Shout out to my father, always keeping it real

The day that he dies, hope i forget how to feel, and when it's my time too,
i hope i did all that i wanted

Trust me when i say i didn't do this for the money

Kind of happy that i chose to know the truth instead of bliss, but i still
will never have answer when you ask me this:

What's a good ending to life?

Why should i live just to die?

I just hit the tip of the iceberg tonight

Know that i'm able to handle whatever i find

If it leads to me taking my life, then so be it

So long already, felt alive for no reason

All the people saying that they got some help for me, just keep it

Flashes of my true desire showing while i'm dreaming

Everybody thinking that they better than me still seem to be running back f
or help

Greeting them with opens hands, more mature than that, on past mistakes, i
never dwell

Yuh

{chorus}

Where do i go now, i don't wanna be stuck in this town, uh

I'm a better place now, everything you see is built from the ground up

Where do i go now, i don't wanna be stuck in this town, uh

I'm a better place now, everything you see is built from the ground up
