

TH3 AY3S - WeNeverErase

{Verse 1: TH3 AY3S}

**In Heaven's light, we find our peace
Where love and grace will never cease
Angels sing in harmony
A place where souls are truly free**

**Golden streets and skies of blue
In Heaven's embrace, we'll start anew
Where pain and sorrow fade away
And joy forever will stay**

**Heaven's gates are open wide
A place where hearts can safely hide
Eternal bliss, a sacred land
In Heaven's touch, we'll always stand**

{Verse 2: Yung Lean}
