

Jakprogresso - Self Indulged

{Intro}

(?), yo

{Verse 1}

It's been a Ski School, no Dean Cameron

Cold, unstable and heat carryin'

At the press table like (yo), shoot anyone who sneak cameras in (Word up)

My Syd dynasty call me Sheikhs Carrington (Yeah)

I'm Tripper Esquire, I spread fire

Suicide by sleepin' pills, I'm dead tired

Purple jello marmalade styrofoam

Herb in stash spot clothing, my whole style dope

Hope you find some hope

Luxury cars, with tied up hoes

I glorify drugs, and glamorize occult (Trap)

They trappin' over streets

I trip out in traps and just rap over beats (Yeah)

You aren't deep, you kiddie pools in swimmies

Sip Lean, sit by that DXM like Swizz Beatz (What?)

In my last mugshot my mug got stains from sippin' Vick's cream

{Interlude}

Hahahahaha!

{Outro x2}

Arrested at the golf course like Scott Peterson

Fuck rap, I sit at a bike in a life like Chris Peterson

Cuffin' a bitch, like Drew Peterson

I'm shoot this shit up with a shotgun like Chris Peterson

{Nervous Norvus}

It was you, transfusion

I'm just a solid mess of contusions
