

## **Christian Barry - Distance**

**Beatz by chriz**

**C major on this shit, yo!**

**How do i know the way you feel?  
How can i tell your shit is real?  
Dancin' around like peter quill  
Cause you know i'm payin' your bills  
I really thought we had a deal  
You got me sick, i'm takin' pills  
I'd rather have netflix and chill  
And move along with all my thrills**

**With the way that you cheatin' on me  
Makin' me lose my mental slowly  
And that's a reason, girl, why i need  
So much distance between us  
With the way that you ditchin' on me  
Comin' back just to say you're sorry  
And that's a reason, girl, why i need**

**So much distance between us  
You're the reason girl, why i gotta show  
A dirty side of me that nobody knows  
You got me thinkin' it's the end of the world  
So much distance between us  
You're the reason girl, why i gotta show  
A dirty side of me that nobody knows  
You got me thinkin' it's the end of the world  
So much distance between us  
I didn't realize the pain i caused  
Leavin' you sick, leavin' you sick and feelin' lost**

**Baby i'm sorry, i want you to know  
You're the one i want  
Don't let me go  
You're the reason baby, i gotta show a new side of me  
Don't let me go  
You're the reason baby, i gotta show a new side of me  
(a new side of me)**

**So much distance between us  
You're the reason girl, why i gotta show  
A dirty side of me that nobody knows  
You got me thinkin' it's the end of the world  
So much distance between us  
You're the reason girl, why i gotta show  
A dirty side of me that nobody knows  
You got me thinkin' it's the end of the world  
So much distance between us**
