

Scavenger - Monster

I struggle with shit no one has ever heard of, my anger has taken control of my mind

I'll go in the army to quench my thirst of blood, then die

I feel like a monster

I feel like a monster

I feel like a monster

I feel like a

Ain't no love in my life, ain't no fam or no friend

Fuck on a bitch I'll never see again

Hopefully one of these times it'll fill up the big ass hole inside of my chest

I fight cause I like it, I fuck cause I like, I pop cause I like it, I'll kill cause I like it, I'll steal cause I like it, Chunka no one like him, this pipe I be lighting, those around me frightened

I feel like a monster

I feel like a monster

I feel like a monster

I feel like a monster
