

Scavenger - Dead

Candles lit, I have no one

Count the minutes till I'm gone for good

For good

Reaper whisper in my ear, when faced with death, I have no fear, for good

For good

Head is gone

Teardrops fall

Dead, but at peace all along

Let me rest in my dirt bath, next time you'll see me is when you pass, my head is gone

Face and all

Let me live on through my songs

Make sure my fam is taken care of when it's over, look at all my battle scars, whole life I've been a soldier
