(?!)

**(Fuckin' do this shit raw, damn), sellin', see this velvet green, (fuck thi
s up, hurled, hurleds), yeah, holla at me, campfire stories, you know, yo,
fat camp, yo**

{Verse}

I'm only here 'cause the gun jammed, and the belt snapped

I shouldn't have ate that gel tab (gloop, uh?), but you can tell that

The cuts on my chest look cooler

When they found my bonÐus hangin' like a plastic skeleton in hÐµalth class (Yeah)

I'm a strange tourist, in the forest

Chewin' on this gooey cat, rockin' a Disneyland Goofy hat

I'm so '90s, you think I made this blow in a wooly bag

In a dry jacuzzi on a ruby red Lucy tab

Havin' lucid dreams and titty fuckin' Suzie Mack

I've been in a coma walkin' since August

I live under a rock, in old Earth orbit

I lost it like (like), I'm still tryin' to get signed by Rawkus (Hahahahahaha)

Rawhead Rex to this raw shit

Spit, tryna town raw fish (Eww)

Dippin' Ketamine at the office

Life aquatic, blunts gutted, lousy

I'm dumb dusted

Sold more acid in Bud, than Augustus Owsley

Yeah, man

{Outro}

Make a circle, if you have a pink color, make a square, for triangles, for blues, draw a big rectangle, that's good, but let's try it a different way
