

## **Ojax - Party All Night**

**Don't have no time, I'm letting go  
I wanna find someone to love  
I feel alive, I think you know  
We're getting down, we're getting low  
I'll party all night, I'll party all night  
Go until the door is closed  
I'll party all night, I'll party all night  
I'll party all night  
Give me one more dose and I'll party all night  
Don't have no time, I'm letting go  
I wanna find someone to love  
I feel alive, I think you know  
We're getting down, we're getting low  
Don't have no time, I'm letting go  
I wanna find someone to love  
I feel alive, I think you know  
We're getting down, we're getting low  
I'll party all night, I'll party all night  
Go until the door is closed  
I'll party all night, I'll party all night  
I'll party all night  
Give me one more dose and I'll party all night  
I'll party all night, I'll party all night  
Go until the door is closed  
I'll party all night, I'll party all night  
I'll party all night  
Give me one more dose and I'll party all night**
