

Scavenger - Unknown_8

{Intro}

Rah

Rah

Power of lucifer, I rip the heart out the sun

Nothing but darkness the apocalypse has begun

Cut my throat

Drink my blood

Dine in peace

Bathe in mud

This is it

Here it comes

Death has waited far too long enough

Cut my throat

Drink my blood

Dine in peace

Bathe in mud

This is it

Here it comes

Death has waited far too long enough

Look my body in the eyes, and you'll find there was nothing there to begin

I'm the one and only, view it as unholy, I'll sacrifice all my kin

Feel no love

None at all

When your at the bottom you can't fall

My attitude has been fuck em all

In the void is where I belong

**Cut my throat
Drink my blood
Dine in peace
Bathe in mud
This is it
Here it comes
Death has waited far too long enough**

**Cut my throat
Drink my blood
Dine in peace
Bathe in mud
This is it
Here it comes
Death has waited far too long enough**
