

YNKEUMALICE - DEAR LOST LOVER intro

Uh oh

(Memo)

**I admit I could of done horrible
Things I admit that things could be worst
She said art is imperfect I'm traumatized
By pain of the past I hated music till she changed
Life for me never lie we both cheated
She got into something things mention in one song
But (sighs)**

**You was my Geneva
I'm an imperfect star
I was never perfect
I was toxic
I was the worst
Threatening to kill anyone
Who was intimate with my ex's
Have obsessions and possessive bÐμhavior**

(Snorts)

But

**It is what is
First arrest outta many arrest
Attempt plotting for murdÐμr against
Class mates that wish death apon
I was at a bad place and time
In life I changed my life
But have my demons**
