

## **YNKEUMALICE - I love the high**

**I was getting high I was getting faded  
Saying that I got high in the car  
Got high in my room  
I was getting faded saying  
That this ain't life  
This just for the stress and to float  
Away**

**I was getting high off my ass  
Smoking I love how I feel high  
I'm to high for this shit  
I'm to high for this night  
I'm to high for the morning**

**Was getting high I was getting faded  
Saying that I got high in the car  
Got high in my room  
I was getting faded saying  
That this ain't life  
This just for the stress and to float  
Away**

**Say I was getting faded  
High off my shit  
On gummies  
On za  
Smoking purple haze at first  
Then smoking blue berry og  
Say I was high as sunk**
