{Verse 1}

This a fuckin' song for you posin' ass niggas in the back

Nigga talkin' on my name, I got somethin' you can't have

Nigga I can keep it real, all you do is fuckin' act

Nigga steady talkin' down, said I had enougha that

{Verse 2}

Nigga I'ma be myself, all you niggas is some clones

Beggin' for some validation you be actin' like a hoe

Nigga I don' fuck wit' hoes I don' really fuck wit' thots

But I'm still in love wit' girls I don' really love a lot (unstoppable force)

{Verse 3}

I'ma keep it real, I'ma tell you how I feel

Nigga you too fuckin' pussy I know that you never will

Never speakin' for yourself, you can't speak up on your own

How you talkin' on my name when you niggas jus' fuckin' pose

{Verse 4}

We are-we are not the same, I don' wanna be yo' friend

Get the fuck up out my way, fake nigga you pretend

Niggas act like sheep, but they thinkin' that they fly

Man I swear to god you the niggas that I despise nigga
