

BENJI x Scarlett - The Night I Told You I Loved You

{intro: benji}

(on the night i told you i love you)

(and you said that you loved me)

(no one else will do)

(i just want you to know that-)

{verse 1: benji}

Time and time again

I've tried to tell myself

You better walk away

You better walk away

Then i saw your face

I don't know what to say

I guess i was too scared to love you anyway

I don't know how to take this

I don't want to break it

We're living in the moment

Living in the moment!

Your head is on my shoulders

We're never getting older

Baby it's you and i! (i-i-i)

{pre-chorus: benji}

(you and i!)

Yeah with stars

Yeah with stars in the sky, oh

(you and i!)

Yeah with stars

Yeah with stars in our eyes

{chorus: benji}

On the night i told you i love you

**And you said that you loved me!
No one else will do
I just want you to know that
Through the highs and the lows
I'll never leave your side no
No i'll never forget
The night i told you i love you
And you said that you love me too!**

{verse 2: benji}

**Time and time again
I still remind myself
That you were meant for me
Baby you're meant for me
Started with our facetimes
Now you're here with me
In your arms my dear
I will always stay**

**I don't know how to take this
I don't want to break it
We're living in the moment
Living in the moment!
Your head is on my shoulders
We're never getting older
It was just it's you and i**

{chorus: benji}

**On the night i told you i love you
And you said that you loved me!
No one else will do
I just want you to know that
Through the highs and the lows
I'll never leave your side no**

**No i'll never forget
The night i told you i love you
And you said that you love me too!**

**On the night i told you i love you
And you said that you loved me
No one else will do**

**I just want you to know that!
Through the highs and the lows
I'll never leave your side no
No i'll never forget
The night i told you i love you
And you said that you love me too!**

{post-chorus: benji}

(you and i!)

Yeah with stars

Yeah with stars in the sky, oh

(you and i!)

Yeah with stars

Yeah with stars in our eyes

{outro: benji}

**Through the highs and the lows
I'll never leave your side no
No i'll never forget
The night i told you i love you
And you said that you love me too**
