

YNKEUMALICE - Crazy in love

Crazy in love

No one can bring me down

No can bring me down when I'm with you

No can stop me from loving you

Imma love you forever

Imma love you forever

Let the za take my pain

Let the za heal me

Imma love you forever

Imma love you forever

Crazy in love

No one can bring me down

No can bring me down when I'm with you

No can stop me from loving you

Say your love is medicine

Addicted I think I oded

On your love

Your love is my high

I might just overdose

I might just

Murder she fucking wrotĐµ

Don't steal my fucking heart

And trash it

I'm crazy for you

I'm crazy for you

Say I'm in love with you

Know I can't stand bĐµing away

Got to keep you by my side
