

## **BENJIxScarlett - Catnaps Got My Back**

**You know what, catnap?  
I've just been thinking about all these haters  
And people that think they're better than me!  
And sometimes  
It really gets to me  
But then i remember one thing  
I always have you!  
When the haters talking smack  
Catnap's got my back  
When the haters will attack  
Catnap's got my back  
When my world turns to black  
Catnap's got my back  
Let the haters know...  
When the haters talking smack  
Catnap's got my back!  
When the haters will attack  
Catnap's got my back  
When my world turns to black  
Catnap's got my back  
Let the haters know-  
Yuh, i'm goin ballistic  
Not statistic  
My characteristic is highly artistic  
I'm goin ballistic  
Not a statistic  
My characteristic is highly artistic  
You can't understand common sense  
When you're looking at me sideways  
Post your comment then go cry  
Cause life is goin' my way**

**(augh!)**
