

YNKEUMALICE - Iâ€™M CRAZY FOR YOU

**You my crush I think I like you maybe
Baby call me crazy in love**

**I want you
I want you
Drive me crazy
How you drive me crazy
Set a fire to my heart
Love a blaze**

**Watch it burn
Let it all go in smoke
I'm crazy baby
I think I'm falling to hard**

**You my crush I think I like you maybe
Baby call me crazy in love**

**Fuck you make me want you
Fuck I want you need you right now
How you drive me crazy
Drive me insane
Saying I want you baby**

**How's your day play it cool
Like don't act crazy
How you and I
I fantasize
I don't mean to be creep
Don't reject me
Your a meanie**

Love me baby
I'm crazy
But not to crazy
It's just your love
Want to get high with you
Spend the rest of my life with you
I just want to get high and vibe

Chill with me see I'm ok
I just miss ok I'm might be insane
Don't run from me

Where you going
Don't go don't go
You mean don't mean
I hate when you mean

You my crush I think I like you maybe
Baby call me crazy in love
