

# **YNKEUMALICE - LIVE LIFE PARADISE**

**Find me inner peace  
Find my inner self  
Divine with myself  
Third eye open  
I don't know what to believe  
When it's all lies  
When you don't know truth  
Find truth in the lies  
Open your eyes**

**Spiritual mind  
Open mind see the world  
From different views  
Hate the violences  
Hate the hate  
Don't love the war  
Fight for something good  
Know I live life paradise  
Where the palm trees and sand  
Meet my demise  
I get high start to feel real me when  
I'm baked off my ass big slug**

**Hey slugger want to play ball throw  
The old pig skin around  
Family ain't perfect never had good family  
Till I found that it's fuck em I love the  
Family that rolls with me deep  
I keep em close to me they stay close me  
Like this more than blood this real loyalty  
Fuck all who wasn't in my life**

**Like to thank those in my life**

**Champagne toast**

**Award toast**

**Feel like mama I made it**

**Find me inner peace**

**Find my inner self**

**Divine with myself**

**Third eye open**

**I don't know what to believe**

**When it's all lies**

**When you don't know truth**

**Find truth in the lies**

**Open your eyes**
