

YNKEUMALICE - BIG DAWG

**Big dawg with the vicious bite
Know im the sickest with the
Flow they have to mussel me
Cant put me down really
Shit i be spitting from
The mind heart and soul
Even tho drift to fantasy
Want all my fantasy come true
Like thousands wishes and more
As grow like a seed became a smoker
Have an ocd like i can't quite**

**They know i don't act happy
I act like big dawg
Happy as can be on my
Big dawg shit
Can't fuck with me nun
I live with a conscious
I don't have one like i can't
Feel embarrassed
Living life with options
Know i got options
Know i started of young
At a talent show leak songs from where
Know i know but i live without a care
Big dawg with the vicious bite
Know im the sickest with the
Flow they have to mussel me
Cant put me down really
Shit i be spitting from
The mind heart and soul**

Even tho drift to fantasy

Want all my fantasy come true

Like thousands wishes and more

As grow like a seed became a smoker

Have an ocd likĐµ i can't quite
