

# **Gotham City Syndicatez - Suffer With Me**

**{Intro}**

**We've lived a lot of years, yet it pales in comparison**

**We've shed a lot of tears, but it pales in comparison**

**{Pre-Chorus}**

**We've pillaged, we've raped, we've massacred, we've bled**

**But we've never listened to what the magpie said**

**{Chorus}**

**Suffer with me, suffer slowly**

**Suffer with me, suffer slowly**

**Unveil your spirit, heaven is holy**

**Lift up your spirit, lift it slowly**

**{Post-Chorus}**

**The book of transcendence, throw it down**

**The look of dependence, wear the crown**

**King of our own decompose**

**{Verse}**

**Do I believe in us?**

**Do I believe?**

**We've lived a lot of years, and shed many tears**

**But do I believe?**

**{Pre-Chorus}**

**We've pillaged, we've raped, we've massacred, we've bled**

**But we've never listened to what the magpie said**

Unveil your spirit, heaven is holy  
Lift up your spirit, lift it slowly**

This fate do you entrust, do you entrust?**
