

Tomato Babies - Tubthumping 2

{intro: street mic, mc beef wellington & springy studios}

We got the best music

Mc beef wellington

**Yo, yo, yo, pump this shit up. this the type of shit to make you curb stomp
a newborn baby**

{verse 1: beepboopbopbop â€¢13 years ago}

Beepboop on the mic, here to deedoop this goofy kid from a chicken coop

Bust into a studio like the hulk

Than terrorize the folk

My bars got the heat from the silver screen classics

Crash onto a bed then i break the mattress

{hook: beepboopbopbop â€¢ 13 years ago}

{post-chorus}

Bounce bounce c'mon bounce

Everybody stuck in the house

With toilet paper weighing less than an ounce

{verse 2: mc beef wellington}

Who's flow goes the dopest?

Mc-beef-yo is

Overthrow small men who oppose me like mooses

I don't know what to say, so go back to the chorus

{hook: beepboopbopbop â€¢ 13 years ago}

{half-chorus: nÃx}

When you walked through the door, you were queer to me

You're the one they bore, see, they came to leave

**You're a
Boo-ster
We're the ones who hate you**

{verse 4: street mic}

**Back by the demand
Eat a little xan cake to be grand
Are you ready to attack this big man?
Trueking no man, don't cut your hand
Damn you really nasty
Pretty big to be honest, i'd recommend fasting
Drive through a building, crush a newborn baby and then hit the griddy
Nothing could've stopped my killing
Now we're raising the roof, yeah, raising the ceiling
My verse is over, that's what i'm feeling
So let me pass it to the man, honest springy
{verse 5: springy studios}**

**Yeah, we the baby crushers
You probably eat gushers
Dumbsnagger? more like poo
People watch your videos but not to see you
We the sigmas, yeah we ohio
Eat an oreo oh-oh-oh-oh-oh
Slap a bitch and smack a hoe
Oh-oh-oh-oh-oh**

{hook: beepboopbopbop â€¢ 13 years ago}
