

Indi Star - Trust Issues

{Verse 1:}

**Smile for the cameras
Always actin' like we're close
Guess it was just for the
Photo
I hear you whisper
As I'm walkin' up the stairs
What do you say when I'm
Not there**

{Pre-Chorus:}

**Maybe it's something about my age, yeah
Now everybody seems so fake
And I try my best to be unphased
It's a whole new kind of heartbreak**

{Chorus:}

**After all I've been through
Maybe that's why
I got some trust issues
I would love to love you
But I'm not gonna lie
I got some trust issues
Surrounded by people
And nobody calls
It's easy to shut down
And build up your walls
And after all I've been through
Maybe that's why
I got some trust issues**

{Verse 2:}

Came to apologize
But you don't mean a word
Hope you feel better while I'm
Still hurt
Tryin' to move on
Can't forget the way it felt
Now I can only count on
Myself

{Pre-Chorus:}

Maybe it's something about my age, yeah
Now everybody seems so fake
And I try my best to be unphased
But that hits different in the worst way

{Chorus:}

After all I've been through
Maybe that's why
I got some trust issues
I would love to love you
But I'm not gonna lie
I got some trust issues
Surrounded by people
And nobody calls
It's easy to shut down
And build up your walls
After all I've been through
Maybe that's why
I got some trust issues

{Bridge:}

Trust, trust, trust issues
Trust, trust, trust issues
Trust, trust, trust issues

Trust, trust issues

{Chorus:}

After all I've been through

Maybe that's why

I got some trust issues

I would love to love you

But I'm not gonna lie

I got some trust issues

Surrounded by people

And nobody calls

It's easy to shut down

And build up your walls

And after all I've been through

Maybe that's why

I got some trust issues

{Outro:}

(Trust, trust, trust issues)

Maybe that's why

I got some trust issues
